

MASK UP FOR **POKÉWEEN**

With OGERPON

Follow these simple steps to make your very own eerie-sistible Teal/Wellspring/Hearthflame/Cornerstone Mask just in time for the spooky season:

1. Grab your crayons, colored pencils, markers, or paint and start coloring in your mask. There are plenty of boo-tiful colors to choose from, so think about which colors would most complement Ogerpon's unique masks and types.
2. Use your favorite pair of scissors to cut out your mask along the dotted line. Be careful! We want to celebrate a healthy and spooky Pokéween, so ask for help if you need it during this step.
3. Glue or tape your mask cutout onto a craft stick to complete your macabre masterpiece.
4. Have fun with your new Ogerpon Pokéween mask! You can hold it in front of your face for trick or treating, put it on a shelf as a decoration, or give it to one of your boos.
